Egger Peel Clean Xtra

**Guards against dirt
and damage**

The Egger
ADVANCED
Structural Flooring System

EGGER Peel Clean Xtra is manufactured in the UK from EGGER P5 grade chipboard. It is covered with an easy-to-peel, anti-slip woven surface film. It helps to guard against spills and damages, and prevent moisture ingress during the build process. Once the project is complete, the film can be removed, leaving a clean, well-presented floor. The polymer coating layer on the P5 chipboard also offers an added moisture barrier upon completion. Diamond-tipped tooling is used to ensure a precision, tongue and groove profile, for a consistently tight board joint.

- Can be installed in light rain conditions resulting in fewer site stoppages
- Can be left exposed to the elements for up to 42 days once correctly laid
- Anti-slip surface even when wet
- Tighter edges on the film to prevent edges curling and lifting
- No joint sealing tape required if using EGGER Joint & Joist Adhesive
- Film can be recycled to avoid wastage
- CE & FSC® certified.

Product Information	
Size	2400 x 600 mm
Weight	1.5 tonnes
Board thickness	18 mm, 22 mm
Boards per pack	80, 64

When used with one of our recommended fitting methods,
EGGER Peel Clean Xtra is covered by our EGGER Advanced Lifetime Guarantee.

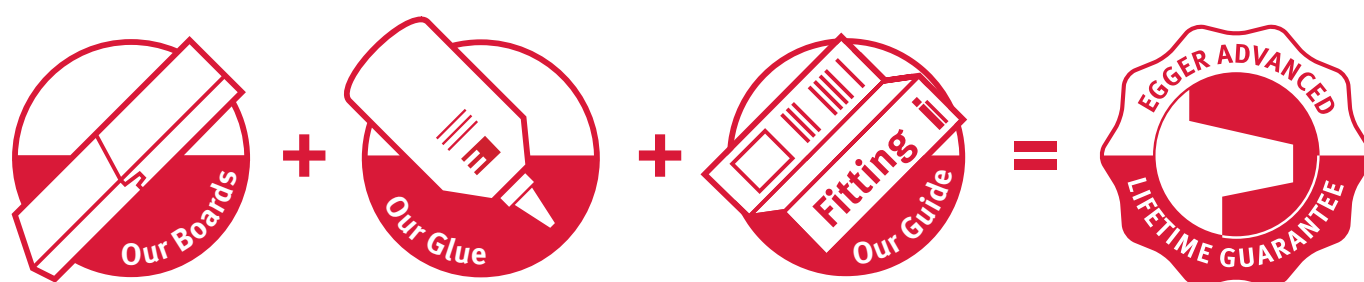

Technical specification (in accordance with EN 312)

General requirement	Test method	Unit	Specification
Thickness tolerance (sanded)	EN 324 - 1	mm	± 0.3
Length & width tolerance	EN 324 - 1	mm	± 5.0
Squareness tolerance	EN 324 - 2	mm/m	≤ 2.0
Edge straightness tolerance	EN 324 - 2	mm/m	≤ 1.5
Moisture content	EN 322	%	5 - 13
Tolerance on the mean density	EN 323	%	± 10
Formaldehyde content	ISO 12460-5	mg/100g	Class E1

EGGER Advanced Lifetime Guarantee

Use our Advanced Structural Flooring Boards, Joint & Joist Adhesive and one of our recommended fitting methods to be covered by our unique Lifetime Guarantee.
