## Egger P5

### Precision engineered T&G flooring board

The Egger  
**ADVANCED**  
Structural Flooring System

EGGER P5 is an enhanced, moisture resistant, structural flooring board, manufactured in the UK. It is specified for use in internal conditions only. Diamond-tipped tooling is used to ensure a precision, tongue and groove profile, for a consistently tight board joint.

- Suitable for use in damp or humid environments such as bathrooms and kitchens
- Profiled on all four sides for quick and easy installation
- Smooth surface for subsequent laying
- Ideal for new-build applications
- Raw materials sourced locally to minimise transport emissions
- Manufactured to the specification of EN 312
- CE & FSC® certified.

Product Information	
Size	2400 x 600 mm
Weight	1.5 tonnes
Board thickness	18 mm, 22 mm
Boards per pack	80, 64

When used with one of our recommended fitting methods, EGGER P5 is covered by our EGGER Advanced Lifetime Guarantee.
